

# Advocate Aurora Health Accepting Donations for Supplies

As COVID-19 continues to impact our communities, we are committed to keeping our heroes - our doctors, nurses and team members - safe. As you know, the broader health care community is at risk of running low on critical personal protective equipment (PPE) across the country. Health care workers need these essential safety items on the frontline of this pandemic to effectively provide care. We are currently accepting the following items:

- **Masks** – Both N95 and procedural masks will be accepted. These masks can be found across many industries and have been deemed appropriate to use in the health care setting by the CDC. Commonly found in the construction and landscaping industry among others, we will gladly accept any new and unused masks.\*
- **Hand sanitizer** – Personal sized hand sanitizer that has been unopened. CDC guidelines encourage sanitizer with at least 60% alcohol composition.
- **Eye protection** – This includes any new or unused goggles, safety glasses or face shields.
- **Disinfectant wipes** – All brands of unopened premoistened wipes are being accepted.

If you have questions or are unsure if your item qualifies please contact [COVIDAAHSupplyDonations@aurora.org](mailto:COVIDAAHSupplyDonations@aurora.org). The public can drop off items in the large blue bins located in the driveway of the main hospital entrance. Thank you for playing an important part in keeping our team members and community safe.

**\*IMPORTANT:** At this point, we are not accepting handmade masks. However, the situation is changing daily so if you are willing to sew masks please email [COVIDAAHSupplyDonations@aurora.org](mailto:COVIDAAHSupplyDonations@aurora.org) and provide your contact information. If we find ourselves in a situation where we do need an additional supply we will be in touch.

## Manufacturers Willing to Help

If you are a local or national manufacturer looking to support your health care providers Advocate Aurora Health sincerely appreciates your partnership in keeping our communities and team members safe. Please email [Brian.Barnum@advocatehealth.com](mailto:Brian.Barnum@advocatehealth.com) any ideas you have for assistance and we will let you know how you can help. Thank you in advance for your support!
